The overriding principle is that a no prize can be won solely on the basis of the pair/team entering the event.

12. General

b) BBO

- a. **Alerting** (there is no announcing on BBO) - In the absence of an alert or pre-announcement of system, a basic Acol system of weak NT, 3 Weak Twos, Stayman, Transfers may be assumed. At least one member of the partnership must be able to answer questions and use the BBO chat facility.
 - i. It is accepted that some players may miss this, in which case you should click on the call to ask for an explanation. Occasionally you opponent cannot use the chat facility, and that is fine. In that case if you have any questions about your opponent's methods you should chat to your opponents, or the table, to ask those questions. The TD will not entertain any matters relating to a failure to alert if it is deemed that the player could have asked the opponents for an explanation (eg the meaning of doubles).
- b. **Undos** - If you find you have clicked on a call or card you did not intend to select, then you can ask for an Undo. To do this click on the Options tab (the one with 3 bars) and select Undo as quickly as you can. Your opponents should then accept the Undo request. It is expected that an Undo will be granted for a misclick only. Undos are not acceptable for a change of mind. An Undo granted, which later looks like it could have been a change of mind, will likely result in an adjusted score.
- c. **Chat** - The chat facility is a great way to communicate. Players should take care not to make comments that may be interpreted as offensive and, equally, players should always avoid reading any negative intent into chat comments. We are all to assume that chat is meant to be jovial or informative, never accusational or critical.
- d. **Claims** - False claims can easily be rectified by the TD. When a player claims it is assumed that he or she is aware of the current position and will take all necessary steps to ensure the claim is valid. For example, drawing all but one trump before a claim is made. If you fail to draw the remaining trump(s), having already drawn some, then it is reasonable to assume that you have forgotten, or miscounted, and the TD may award the trick to the other side. Where claims are made it is expected that players will take care to check the claim before rejecting (ie rejecting for rejections sake is not in the spirit of our sessions). It is also expected that

claims be made when the remaining tricks are clear. Equally, if anyone chats for clarity, that should be provided. If not, a rejection is made, and play continues, bearing in mind the above statement regarding trumps, etc. Please call the TD if this situation occurs, stating the Board Number, and at what trick the claim occurred.

- e. **Tournament Director (TD)** - To call the TD click on the TD button on the screen. Any matter requiring the TD's attention must be raised with the TD immediately or, if in the final round, within 5 minutes of the final board of the event being completed. Any appeals must be lodged within 5 minutes of the end of the session.
 - i. If a player fails to respond to a TD's chat (the TD will always chat both players of a partnership) request for information, then the TD will assume the player(s) have nothing to add and will rule based on the available information. No appeal may be lodged where a player has failed to respond to a TD's chat.
- f. **Kibitzers** – This setting will be switched off. Only Players, TDs and Authorised Persons will be able to join the table.
- g. **Round Time** - The round will end automatically, so try not to be caught out! If a player has been away for some time, please let the TD know and the score will be adjusted accordingly. If the board times out (ie you lose it), please refresh and check your scorecard, and if it did not register the final result, please call the TD and indicate the board number, and the TD will review the board.
 - i. Prolonging play in order to obtain an average board (as opposed to the likely score) is not in the spirit of these guidelines and the TD will award an adjusted score accordingly.
- h. **Disconnects** occur for all manner of reasons, but it is always expected that a player will make every attempt to reconnect thereafter. Once reconnected, the player will automatically be re-seated. If all attempts at reconnection fail, please let your partner know, or email mcc@warwickshirebridge.co.uk or call 07977 481399. Where it is unlikely that a player will return, the TD may bring in a substitute player. As with any event, players must not leave the event without the express permission of the Tournament Director. If there are connectivity issues, then the TD will notify remaining players of the plan/procedure.
