

Warwickshire Bridge League 2022-23

Entries are invited to join the league, which currently consists of 3 divisions.

Each team will play every other team in its division once, either home or away.

The timing of matches is determined between opposing captains. This is unlikely to involve more than eight matches in the season, which lasts from the beginning of September to the end of April.

To be eligible to play, a player must be a member of the Warwickshire Online Club (WOC), which is free to join, and either a primary or associate member of Warwickshire in EBU terms. Associate membership flows automatically from membership of WOC. Matches are between teams-of -four but the team pool may consist of a maximum of 8 players. Entry to the league is free.

Matches are played online on Bridge Base Online, but with the option for opposing captains to agree to play face-to-face.

Further information is available from the League Secretary, Derek Oddy, either by email to League@Warwickshirebridge.co.uk, or by phone on 0121 705 4841.

Entries, which should include the names and EBU numbers of all players, and be submitted and confirmed by 28 August 2022.
